

Accelerating AI from Edge to Cloud

AI-optimized infrastructure
powered by AMD EPYC™ and
AMD Instinct™ MI350P PCIe® Cards

SKY-642E3
4U MGX GPU Server

AI-Optimized Performance

- Powered by AMD EPYC™ 9005/9004 Series processors and AMD Instinct™ GPU for AI and HPC workloads.
- Supports up to 400W TDP.

Massive Expansion & Storage Density

- Supports up to 8 double-slot PCIe Gen5 expansions in a 4U platform (up to 600W TDP each).
- Supports 16 front-access E1.S NVMe SSDs.

ROCm™ Ready AI Ecosystem

- Validated with AMD ROCm™ software stack to accelerate Generative AI, LLM, and AI deployment at the edge.

Key Applications

Generative & Agentic AI

AI Inference and Training

Edge AI
